

WACOM YL NET

Calling the Washington Amateur Communications YL Net.

Calling the Washington Amateur Communications YL Net.

This is a directed net and all amateurs are invited to check in. This net meets every Wednesday evening at 7:30 p.m. local time on the K3PSP repeater on 146.790 MHz. The backup simplex frequency is 147.525 MHz. The purpose of this net is to provide a forum for area YLs to meet and visit.

Please note that OMs are welcome as well.

We will now take check-ins from any stations. Please call WA3COM.

(Net control will take check-ins from as many stations as she / he wishes before taking a break and acknowledging the stations that have checked in.)

This has been the Washington Amateur Communications YL Net, which is sponsored by the Washington Amateur Communications Amateur Radio Club.

Anyone interested in amateur radio is invited to check us out at the WACOM web site:

www.wacomarc.org.

Total check-ins for tonight's net were ().

We would like to thank all those who participated or helped in any way in the operation of this net and to those stations that stood by to give us a clear frequency on which to operate. This is WA3COM with (your call) at the mike securing the net at () local time and turning the frequency back to general amateur use.
